Thanks Luis. I will review the draft statement and try to give you my comments tomorrow.

Yes, in past practice the JPAC Chair has serve as moderator, so it would make sense to ask Gustavo.

Subject: DRAFT CEC Ministerial Statement v2.docx

Hi Jane—

At the Alt Reps meeting, the GSC committed to have a draft Ministerial Statement for the Alt Reps by 31 May. Here is my draft for your feedback. I've aimed to focus it on the theme, the relevant strategic pillars, and the projects in the operational plan. Also aimed to use language consistent with the OP (which was cleared by AO and Can/Mex), and capitalize on the events at the national Weather Center, and Innovation Hub to highlight items that i hope appeal to the three parties. Additionally, merged NAPECA with TEK to highlight the NAPECA TEK grants given the TEK project has not gone forward. Looking forward to your thoughts on path forward.

Other Updates:

- Although we want to have a moderator for the Council Public Session Q&A, I learned that last year's moderator is not available. Should we consider having Gustavo serve that role?
